[Docket No. CP96-734-000]

CNG Transmission Corporation; Notice of Request Under Blanket Authorization

August 27, 1996.

Take notice that on August 21, 1996, CNG Transmission Corporation (CNG), 445 West Main Street, Clarksburg, West Virginia 26301, filed in Docket No. CP96-734-000, a request pursuant to Sections 157.205 and 157.212 of the Commission's Regulations under the

Natural Gas Act (18 CFR 157.205 and 157.212) for authorization to construct a new tap and appurtenant facilities to serve as a new delivery point to Hope Gas, Inc. (Hope) in Monongalia County, WV, under CNG's blanket certificate issued in Docket No. CP82-537-000, pursuant to Section 7(c) of the Natural Gas Act, all as more fully set forth in the request which is on file with the Commission and open to public inspection.

CNG states that Hope, a local distribution company in West Virginia and an affiliate of CNG, needs the new delivery point in order to provide natural gas services to Swanson Plating Co., Inc., ViTech Enterprises, Inc., and Morgantown Construction Group, Inc. (Customer Group) in Monongalia County, West Virginia. CNG relates that it will transport quantities of natural gas to Hope destined for the Customer Group under existing certificated transportation arrangements with Hope. CNG says it has sufficient system delivery capacity to deliver these quantities, without disadvantaging its existing customers.

CNG explains that it will construct a two-inch "hot" tap and valve on its TL-323 pipeline. Hope will be installing a new meter and regulator (M&R) within a 20-foot by 20-foot fenced area, which is within CNG's existing TL-323 right-of-way, and approximately 7,675 feet of 3-inch connecting line to the Customer Group. CNG indicates the maximum design capacity of the 2-inch tap and M&R is 960 Mcf per day. CNG states that the total cost of CNG's construction will be fully reimbursed by Hope.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.
